Part 2, ERM (Environmental Resources Management) hereby requests from EPA copies of **all documents in the registration jacket for Crypton Inc.'s distributor product Crypton® Super Fabrics Disinfectant & Deodorizer (EPA# 10324-85-75190) and its primary registrant product, Mason Chemical Company's MAQUAT 86-M (EPA# 10324-85). This request includes Data Evaluation Reports and data reviews as well as efficacy data, physical chemical data and toxicology data.**

Documents responsive to this request likely will be maintained by the Office of Pesticide Programs. This office is identified solely to assist EPA in responding to this request and is not intended to limit the scope of this request in any way. Documents responsive to this request may be maintained by other EPA offices and divisions, and any such documents expressly are included within the scope of this request.

ERM is first and foremost interested in receiving any documents that do not contain confidential business information (CBI) as soon as possible. ERM understands that some of the documents responsive to this request may contain CBI. ERM requests that any responsive documents that do not have to undergo CBI review be provided to us as soon as possible.

If for any reason you determine that portions of the requested information are exempt from disclosure under FOIA, please delete the allegedly exempt material, inform us of the basis for the claimed exemption, and furnish us with copies of those portions of the information that you determine not to be exempt. ERM consents to such deletion at this time to facilitate your prompt response and in no way waives our right to appeal any determination that you may make regarding the applicability of any FOIA exemptions to the requested documents and information.

ERM requests that you provide us with accurate copies or a complete and accurate account of the information requested. ERM agrees to pay reasonable search and reproduction costs; if these exceed \$200.00, however, ERM requests that you notify us before reproducing the documents. ERM understands it can expect a response within 20 days of your receipt of this letter.
